

2011 Fall Electrical Class Schedule

by

Puget Sound Electrical Training Classroom Electrical Training

All classes approved for electricians and trainees

Classes located in Bremerton and Include lunch

Class cost- August 20th \$109

All others \$125 each

Discounts available – see below

Saturday August 20th 2011 NEC Update – 06, 06A and 06B Related, \$109

Covers the changes in the 2011 NEC for 06, 06A and 06B specialties.

This class may be taken by any electrician for electrical credit or a trainee for trainee credit, but the changes covered are more specific to 06, 06A and 06B. If you are a “low voltage” electrician, this class is for you. If you already have a 2011 NEC Update, this class will still count for trainees or electricians, unless already have the required hours.

Approval: 8 hours Code Update or Basic Classroom Electrical by L&I

Instructor: Tom Baker

Included: Coffee, lunch

Required Text: 2011 NEC

Saturday September 10 Electrical Principles, \$125

This class covers the basic physics behind electricity and the NEC, covers terminology, ohms law, basic power equations, the electric circuit, series/parallel circuits and multiwire circuits

Approval: 8 hours Basic Classroom Electrical or Industry Related by L&I

Instructor: Tom Baker

Included: Coffee, lunch

Required Text: Uglys Electrical Reference

Optional Text: Mike Holts Basic Electrical Theory, \$50 (good for two classes)

Saturday October 8 Electric Vehicle Supply Systems and LED Lighting, \$125

Covers the electric vehicle rules in NEC Article 625, 3 types of charging stations, load calculations and more. Covers how LEDs work, IES standards, NEC requirements, and real world examples.

Approval: 8 hours Basic Classroom Electrical or Industry Related by L&I

Instructor: Tom Baker

Included: coffee, lunch

Required Text: 2011 NEC

Saturday November 5 - Electrical Practices, \$125

This class covers electrical systems and protection, protection devices, alternating current, power factor, basic motors, generators, transformers

Approval: 8 hours Basic Classroom Electrical or Industry Related by L & I.

Instructor: Tom Baker

Included: Coffee, lunch

Required: Uglys Electrical Reference

Optional Text: Mike Holts Basic Electrical Theory, \$50 (good for two classes)

Saturday Dec 17 RCW/WAC & Electrical Safety – NFPA 70E, \$125
